

When does training start?

Carshalton College prides itself on providing a flexible customer focused approach in meeting employers' needs.

Apprenticeships operate on a roll-on roll-off basis. The College aims to work with employers and commence training at a convenient start date.

ENROLMENT DATE: September.

How to sign up your staff for training

Our Business Services consultants are committed to assessing business needs by carrying out a training needs analysis (TNA) and constructing bespoke solutions, where possible, to meet your organisations' demands.

If you would like to find out more about how Carshalton College can help your staff improve their skills, please contact Business Services.

AT CARSHALTON COLLEGE

Your staff are your success

Having the most qualified staff in your business gives you an edge. Carshalton College now offers an Apprenticeship in Plumbing, which prepare our learners for the realities of working in this industry.

Our brand new facilities and workshops for Plumbing are run as close to a commercial environment as possible. Students will learn their trade under the supervision of their tutors and experienced technicians.

Training Option

Carshalton College offers a **Level 2** Apprenticeship in Plumbing.

Student case study

"The College is a friendly and welcoming environment with helpful tutors. I have enjoyed learning about all the different aspects to Plumbing and developing the skills to help me with a career in Plumbing."

Jan Noori

Apprenticeships at Carshalton College

Carshalton College is committed to supporting all Apprenticeship training programmes to maximise the business impact to employers.

What is an Apprenticeship?

A work-based training programme aimed at your current and future employees. Apprenticeships are designed by businesses in association with City & Guilds. Apprentices can be a new employee or an existing member of staff, who is eager to formalise their skills to a nationally recognised qualification.

Where do they take place?

Most of the training is 'on the job' – at your premises with usually one day a week at College.

What are my responsibilities as an employer?

You will need to give your apprentices an induction into their job role, plus provide on-the-job training. You will also be responsible for the wages of your apprentices which is now a minimum of £100 per week.

How much does an Apprenticeship training programme cost?

- Free for 16 to 18 year olds.
- For 19 years and over there is a minimum employer contribution of £200 per year.
